

Almond-Bancroft School District Referendum 2018

CURRICULUM & INSTRUCTION: THE BACKBONE OF WHAT AND HOW WE TEACH

- Our students need to be college and career ready with current and up-to-date instruction. We need to ensure they are continuing to learn what they need to all the way through school.
- In order to improve test scores and our school report card, we need our instruction to match requirements. This makes Almond-Bancroft students academically successful and ready for life after 12th grade.
- Technology is more and more present in every aspect of our lives. We need to prepare our students for that world.

Funding from the referendum will allow our school to invest necessary money into improving and updating our curriculum and instruction. This includes but is not limited to purchasing teacher training and tools, paying for additional curriculum development time, and paying for coordination to help our students receive college credit for work done in high school.

We can provide better curriculum and instruction to advance our students with

NO SCHOOL TAX RATE INCREASE!

Remember to

Vote - TUESDAY, APRIL 3
