SUMMER SCHOOL

The School Board may conduct a summer program of academic instruction at the Pre-K-12 levels for resident students of the District and such other students as the Board may admit.

Summer school instruction shall be designed to provide opportunities for students to:

· Improve a poor grade,
· Improve learning skills,
· Make up a failed course,
· Enrich a scholastic program, and
· Explore new academic areas.

The Board shall annually approve a summer school program. In order to support such a program of summer instruction, the Board shall:

· Employ teaching and administrative staff,
· Purchase such books, materials, supplies and equipment as may be necessary,
· Appoint the summer school director,
· Make available school facilities as required, and
· Provide necessary custodial services.

Tuition fees shall not be charged to students residing within the District. Tuition shall be charged for nonresident students at rates as determined by the Board.

Instructional material fees may be charged to all students when necessary.

With regard to transportation, the Board may accept responsibility for transporting resident students but not for nonresident students and/or accept responsibility for transporting disadvantaged students and students with disabilities as required by the student's individualized education program (IEP).

The District Administrator shall be responsible for developing administrative guidelines for the operation of the summer program that shall be consistent with Board policies and not conflict in any way with the administration of the regular school sessions of the District.
