SCHOOL ADMISSIONS

Official registration forms shall be completed for each student seeking school admission in the District prior to assignment to a grade or schedule of classes by the building principal.

Students transferring from other school systems are required to provide a transcript of academic accomplishments at the previous school, or the address from which this data may be secured. Students entering the school district from a home-based private educational program or private school shall be required to provide any available academic information and may be required to take appropriate academic tests to assist in making a placement. Placement decisions shall be made by the building principal, working in cooperation with professional staff.

Immunization records shall be presented for all students admitted to the District's elementary and secondary schools as required by law. Students entering kindergarten in the District shall also be requested to provide evidence that they have had their eyes examined by an optometrist or evaluated by a physician.

The District shall not discriminate in admissions to any school, class, program or activity on the basis of sex, race, color, religion, national origin, ancestry, creed, pregnancy, parental or marital status, sexual orientation, physical, learning, emotional or mental disability, or homelessness status. This policy does not, however, prohibit the District from placing a student in a school, class, program or activity based on objective standards of individual performance or need. Discrimination complaints shall be filed in accordance with established complaint procedures.

Nothing in this policy shall prevent the District from denying the admission of a student during the term of his/her expulsion from another school district.
