Growing Friendships with Poland

Mrs. Negro's third graders, along with Mrs. Ramczyk's and Mrs. Ambrose's first graders, have been building some new friendships. Through modern technology and live video SKYPE chats, the students have been sharing and interacting with the students in Gulcz. During the month of December, every Monday morning at 8:00 a.m. our time (3:00 p.m. Poland time) we have either shared something about our holiday traditions or they have shared something about theirs. This has been a wonderful opportunity for the students to learn first-hand about the customs that are celebrated by another culture. We look forward to many more sharing and learning opportunities with our new friends.

A second SKYPE video chat, with our friend Dariusz Czapiewski (Darek), has the students learning Polish. Dariusz lives in Warsaw and volunteered during one of our tours to help teach our students some Polish. This is a great opportunity for our students to hear both languages and engage in conversation directly with him. As the year goes on it will be exciting to see how much the students will learn and recall from these lessons!

If you are interested in learning more about Poland or about our SKYPE connections, please contact either Amanda Negro at ext. 111 or Brenda Ramczyk at ext. 118. We'd be more than happy to share with you or have you come in and see first-hand what our technology is allowing us to experience!

Art Department News, Mrs. Lynne Dernbach

Do you love to quilt, sew, knit, paint, etc. Would you be willing to share your interests with some of our high school students? The High School Art Department has a new class, CRAFTS, starting 1st Hour, second semester. We will be exploring and trying all kinds of different art crafts. We are looking for people in the district to come in and share knowledge of their favorite crafts. If you are interested, please give Lynne Dernbach a call, 715-366-2941 ext. 324. Your support would be appreciated.

News From Lisa Vann, Spanish Teacher & English as a Second Language Coordinator

In January parents who's children were selected for our IXL Math lab will receive a letter that includes a website and a login. This website will allow you to see your son's/daughter's progress in Math. Please feel free to dial [715-366-3941](tel:715-366-3941) ext. 310 if you have any questions once you receive the login.

The purpose of the lab is to help students to progress in Math, in their grade level, at home, and at school. This also allows your family to monitor his/her progress and speak with his/her Math teacher about the development of mathematical skills. You may access the login from anywhere that has internet access. Easy to read charts allow for more communication about your child's results to occur during conferences.

Sincerely - Lisa Vann

It's that time of year again! GIRL SCOUT COOKIES! Our initial sale begins January 11th and runs through January 27th. Our troop is small (but mighty) this year, so if you aren't contacted by a Girl Scout and the 27th has come and gone, please let me know and we will get you some cookies! We do have a new flavor this year to try : Mango Creme, YUM!

Each box of cookies is \$3.50 and the money earned by the troop and council goes toward funding our many camps, programs, series, and other educational workshops. Did you know that the cookie program is the world's LARGEST entirely girl-led business? AMAZING! Please support these young ladies in reaching their goals so we can continue to serve our communities and make the world a better place.

End of Season Comments from Middle School Coaching Staff.....

The 7th and 8th grade boys basketball teams recently completed a very successful season. The 7th graders, with help from four sixth graders, finished 9-2. Although they were undersized in most games they used their speed, quickness, and shooting ability to dominate most games. The 8th graders finished a perfect 11-0. The combination of size, toughness, and basketball IQ, was too much for all of their opponents this year. Obviously, great coaching at both levels was a major factor as well :-)

Thanks to both teams for their hard work and dedication.

Coach Dernbach and Coach Baumgartner
