Notes from the District Administrator

Dates To Remember

2/15-Board of Education Meeting, 6:30 p.m., Auditorium

2/20-No School, Teacher In-service

2/21-Middle and High School Parent Teacher Conferences, 4:00-7:30 pm

Ahhhh, winter! In Wisconsin people have a much different view of winter than many other states. With our beautiful scenery (that looks even more beautiful snow covered) and our numerous outdoor winter activities, many people love winter in Wisconsin. Personally, I like it but I don't love it. I do like staying in and reading a book, but I could do without the slippery roads and the freezing temperatures.

As a District Administrator, one of my duties is to determine if and when we will have a late start, snow day or early release because of weather. I want to let you know that I take this responsibility very seriously. I know there is a burden on parents to figure out child care and the multiple decisions that need to be made. I work closely with our bus company and other district administrators in the area to make the decision that will be in the best interest of our children and families.

State law requires that our students are in school for a certain number of hours. Each year we make sure that we plan for additional hours in our school calendar, so that if we need to, we can call off school and have a traditional snow day. However, this year we have had several snow days already. Because of this, we are now going to have 'Virtual Learning Days' if we have to call school off again because of weather.

Parents and guardians should have received an email with information about the format and expectations of these virtual days. Elementary parents will receive a manilla envelope with reading, math, and other academic activities for their students to complete. Middle school and high school students will find their class check-in and assignments on Google Classroom. This is similar to our virtual days in November.

If you have any questions, please feel free to reach out to me or Toni Schumacher.

Dr. Jodi Becker

Mid-year iReady tests show learning growth

At Almond-Bancroft we are proud of the connections and relationships that we build with our students. As a small district, we are able to truly get to know our students in many different areas. One aspect of our students that we are focusing on this year is academic performance. In the past our staff mainly focused on classroom level information to assess what students knew and were able to do. We have always participated in mandated state testing and district assessments, but we haven't always utilized the results of these assessments because the data was very broad.

This year the district purchased a new district assessment called iReady for reading and math. This is an assessment that is given three times a year. Through this assessment, we are able to see the learning growth of our students. One of the reasons we changed to iReady was that the student learning data is broken down into different categories, so our teachers have more information that they can use to support students in their classrooms. iReady also has teacher resources and an online personalized student program that gives students the opportunity to work on skills that the assessment shows they are struggling with.

As this is new to the students and the teachers, we are looking at results while considering it is a new assessment and students may not always be motivated to participate.

PreK-12 Principal Message

This year there were some changes to our attendance policy, and as the year passes, some questions have arisen from parents/guardians. I hope this can help make some sense of the changes!

Parents/guardians are able to call-in a student for illness or injury 10 times during the school year **without** having to provide a doctor's excuse. On Skyward, this type of absence will show up as E-IL or E-IN. Once those 10 call-ins are used, students will need a doctor's excuse in order to be excused from school. If a student goes to a doctor due to an illness, they should request a doctor's excuse for the days absent. This excuse should cover the days that led up to the doctor's visit *and any days the doctor feels the student should not be in school following the visit*. On Skyward, this type of absence will show up as E-DX. Absences coded as E-DX do **not** count toward the 10 call-in illness days.

Parents/guardians are also able to take a child out of school a total of 10 days a year for appointments, vacations, or other planned absences. Vacations are seen in Skyward as P-VA. Appointments are different. It is inevitable that some doctor, dentist, or other medical appointments will need to be scheduled during the school day. On Skyward, this type of absence will show up as P-AP. If the student brings back a slip from the appointment, the absence will be changed to E-DX. If an absence is changed to E-DX, it will no longer count toward the 10 planned absence days, so our attendance officer always asks for a slip. This is just a *reminder, meant to help the student have as few P-AP days on record as possible. Slips can be brought in at any time, and the attendance will be updated.*

Sometimes parents/guardians will call in and let the school know a student will not be in school, but they do not give a reason for the student being absent. This is coded under personal business. On Skyward it will show up as C-PB. These absences are counted toward the 10 allowed planned absences. Once the attendance record has 10 days of planned absence (whether they are marked P-VA, P-AP, or C-PB), all future planned absences will be unexcused.

Because the days seem to slide one into another, the school sends out notification of the number of absences at particular intervals. These letters are NOT part of the truancy process. They are simply to assist parents/guardians in keeping track of how many absences their child has.

I hope this helps clear things up! If you have any questions, please feel free to contact me at 715-366-2941 ext. 123 or at tschumacher@abschools.k12.wi.us.

Mrs. Toni Schumacher

ABSD Notice of School Accountability Report Card Ratings and Educational Options

The table below contains information on the District's most recent school accountability report cards, as issued by the Wisconsin Department of Instruction under Wis. Stat. 115.385(4), The Almond-Bancroft School District had a report card rating of 64.7 which Meets Expectations.

Almond-Bancroft Schools	Grades Served	Recent Ratings 2021-2022
Elementary School	4k-5	Meets Expectations 59.1
Middle School	6-8	Meets Expectations 61.9
High School	9-12	Meets Expectations 69.7

*Complete reports, including the most recent school accountability report cards from 2021-2022, can be found online <https://dpi.wi.gov/accountability/report-cards>, and on the Almond-Bancroft School District website at www.abschools.k12.wi.us. According to Wis. Stat. 118.57(1), the Almond-Bancroft School district is required to notify parents of the educational options available to children who reside in the resident school district. As such, these items can also be located on the Almond-Bancroft School District website.

MIDDLE SCHOOL STUDENTS OF THE MONTH

Each month middle school staff members choose one student from each grade level that has demonstrated positive behavior throughout the month. Here are the winners and comments from November and December.

November Students of the Month

Our sixth grade November student of the month is Rosalyn Knutson! Rosalyn is an independent person who works hard and doesn't give up in difficult situations. She is very cooperative with other students. Rosalyn is respectful, kind, and a positive role model to others. Congratulations Rosalyn!

Our eighth grade November student of the month is Johnathon Serrano! Jon has been a very hard worker and always does his best. He has a great sense of humor and enjoys joking around when the time is right. He is a positive and caring individual to his friends and teachers. Congratulations Jon!

December Students of the Month

Our sixth grade December student of the month is Diana Garcia. Diana is studious and polite. She volunteers to read in class and helps others often. Diana wants to be a doctor, and she knows how much hard work it takes to become one. If there's anyone who can become a great doctor, it's Diana. Congratulations Diana!

Our seventh grade December student of the month is Sophia Chapa. Sophia is someone who sets goals for herself, and she works very hard to reach her goals. Congratulations Sophia!

Our eighth grade December student of the month is Lacie Bradley. Lacie is someone who can put a smile on anyone's face. She is kind, respectful, and deserves to be the student of the month. Congratulations Lacie!

2023 DISTRICT SPELLING BEE

“F-L-Y-B-Y-S” turned out to be this year's championship word in our annual spelling bee! The bee was won in the 10th round by 6th grade student Indigo Sheffy. Congratulations also goes to Blake Williams, an 8th grader, for finishing in second place. Both students will have the opportunity to represent the district in the regional spelling bee held on February 8th in Stevens Point.

The bee consisted of twenty qualifying students from the 4th - 8th grades. A big thank you goes out to Mrs. Schumacher for pronouncing for the bee as well as Mrs. Fletcher and Mr. Collins for judging.

-Luke Steuerwald

ALMOND-BANCROFT SCIENCE OLYMPIAD

Felicity Budelier and Gracelyn Breitenstein of the Almond-Bancroft High School Science Olympiad team competed in their first in-person meet on Saturday, December 3rd at Boyceville. Felicity placed 2nd in Cell Biology and 5th in Fermi Questions. Gracelyn placed 6th in Anatomy & Physiology.

On January 14th team members Gracelyn Breitenstein, Felicity Budelier, Logan Fuehrer, and Candace Lein competed at the Medford Invitational against 12 teams. Our team competed in 10 events and each team member medaled in at least one event! Felicity and Gracelyn placed 1st in Precision Medicine and 4th in Write it, Do it. Gracelyn and Candace placed 2nd in Anatomy & Physiology. Felicity and Logan placed second in Flight. Felicity and Candace placed 4th in Cell Biology.

On January 21st team members Felicity Budelier and Candace Lein joined 60 other teams from Wisconsin, Minnesota, & North Dakota to compete at UWRF's Border Battle Science Olympiad Tournament. Both Felicity and Candace received 3 medals each and competed in 10 of the 28 Science Olympiad events! Candace placed 1st in Virology, 5th in Green Generation, and 7th in Environmental Chem and Forensics. Felicity placed 1st in Cell Biology, 2nd in Precision Medicine, 6th in Fermi Questions. Together they placed 2nd in Disease Detectives and 3rd in Flight.

What is Science Olympiad? Science Olympiad competitions are like academic track meets, consisting of a series of 28 team events. The events are split over 6 time slots and can be completed with a partner. Each school-based team is allowed to bring 15 students who cross-train for a variety of events in their skill set, but some school clubs have more than 75 members, allowing for an apprentice and mentoring system.

The achievements of the FOUR members of the Almond-Bancroft Science Olympiad team are outstanding! These students are putting in a lot of time and effort outside of their required academic work. Some topics overlap with previously learned material but most are beyond the scope taught in high school. The knowledge, skills, and experience gained will help all team members in their future studies and careers.

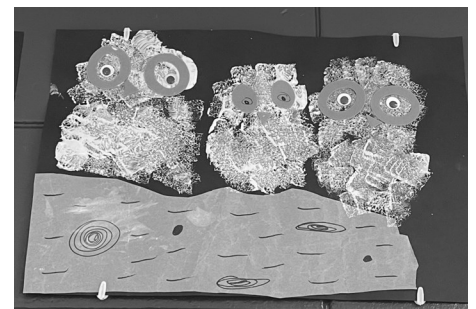

KINDERGARTEN WINTER FUN

Holiday crafts, snowball relays, and cotton balls on a spoon! The kids really had fun.

SECOND GRADE ECONOMICS

To wrap up their economics unit, the second graders participated in a mock economy. They worked in groups to develop, create, and sell products. Each day they worked, the students earned wages so they could shop on market day.

4K EXTENDED LEARNING CENTER

The ELC students had fun reading the Owl Babies book they borrowed from the elementary library! Then they had fun painting their own owl babies.

Almond-Bancroft Bands

The middle and high school bands' winter concert, "Shades of Blue", was held this year on December 16th in the school auditorium. Fitting with the theme of the concert, the students were challenged to learn pieces that featured a jazzy, bluesy sound. The students had a blast learning this style of music. Some of the pieces featured on the concert included Soft Shoe Saints by Amy Adam, Byzantine Dances by Carol Brittin Chambers, and My Groove, Your Move arranged by Terry White. Several chamber ensembles and soloists were also featured at the concert. These students included Indigo Sheffy, Makayla Peskie, Bryce Sosin, Sophia Chapa, Jesus Perez-Pacheco, and Logan Fuehrer. Thank you to all of our band students for their hard work in preparing this concert!

Almond-Bancroft Choirs

The middle school and high school choirs had their winter concert, "Winterscapes" on December 16th. The new show choir also performed. It was a great night of music.

Almond-Bancroft CWC All-Star Band and Choir Selections

Congratulations to members of our high school choir and band who were nominated and selected to participate in the CWC All-Star Band and Choir Festival! Band members include Jesus Perez-Pacheco and Logan Fuehrer. Choir members include Vivian Kramer, John Luna, Gracelyn Breitenstein, Isabelle Behnke, and Adrianna Conley. These students worked hard in their rehearsals with their ensembles during the morning and afternoon of the event in order to prepare for a stellar concert the same evening.

Thank you for all of your hard work!

June 2023 Washington D.C. Trip Update

We have approximately twenty-five freshmen and sophomores who are looking forward to their trip to Washington D.C. this summer! The group will be traveling to D.C. in June via a Lamers Bus and will spend three nights in the city. Over the course of four days, students will visit national landmarks such as Gettysburg, Mount Vernon, and Arlington National Cemetery, as well as the major presidential and war monuments and memorials!

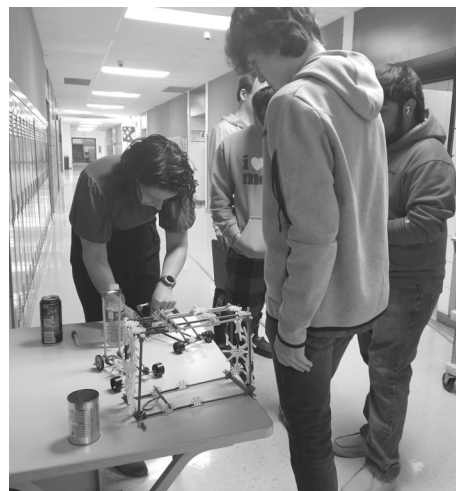

Student travelers have been raising support, making payments, and educating themselves about the sites they will visit. The six-day trip does come at a cost and there certainly is a need. If you would like additional information about our trip, how you can help sponsor a student traveler, sponsor a student who otherwise wouldn't be able to travel, or

make any amount of donation toward the cost of the trip please contact me or our district office. The price of the trip is \$675 per student.

Thank you for your continued support!

-Luke Steuerwald

High school Physical Science students are using rubber band-powered cars they built with K'NEX to calculate average velocity by taking distance and time measurements. Now that's learning in action!

Team photos curtesy of MLE Photo Art!

Curt Lamb has reached his 400th win as the Almond-Bancroft Boys' Basketball Head Coach! Coach Lamb has been coaching for 24 years at A-B. Congratulations on your achievement!

Three former A-B teachers that have 88 years of teaching at Almond-Bancroft between them came to watch a recent varsity boys basketball game. (L-R) Mr. Young began his 35-year career as an elementary phy ed teacher in 1984; Mr. Rhode started in 1972 and taught middle school for 34 years; Mr. Walloch taught middle school for 19 years beginning in 1966. All three also coached a little of everything while at AB-. It was great having you! Come back soon!

Congratulations to the Eagles Boys' Basketball team on going 2-0 at the Sentry Classic Tournament! Additional congratulations to Ayden Phillips, Brody Dernbach, and TJ Lamb for being selected for the Sentry Classic all-tournament team. Ayden also received the Don Friday leading scorer award and the Warren P. Choudoir outstanding player award.

Get School Breakfast for a Convenient Academic Boost

Making the Case for School Breakfast

School breakfast is a great way to make sure all students are ready to learn and do their best throughout the school day. This sets students up to succeed and become college and career ready.

Participating in school breakfast can start your child's day the right way.

While many students are able to eat breakfast at home, some choose not to for a variety of reasons, including:

- Not hungry first thing in the morning.
- Feeling rushed in the morning.
- Would rather sleep longer.
- Have to be to school early (practice, clubs, parent work schedule).

Benefits of Breakfast

Every parent wants their child to succeed. Children who eat breakfast:

- Tend to be healthier, weigh less, and be more active.
- Are more likely to meet recommended levels for important nutrients like calcium.
- Perform better on tests of math, matching, and memory.
- Have fewer behavioral issues.

Did you know that students who eat breakfast closer to classroom teaching and testing time perform better on standardized tests? School breakfast may give your child an extra boost of brain power to ace the day.

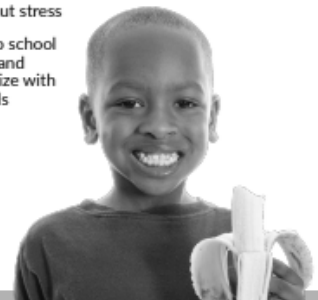

Time Saver

The School Breakfast Program can make your mornings easier by saving you time. Schools serve breakfast in different ways depending on the needs of their students. This includes traditional cafeteria-style service, grab-and-go style, and even service directly in the classroom.

What would your child do with extra minutes in the morning?

On average, it takes 10-15 minutes to eat breakfast. Your child could use those valuable morning minutes in other ways.

- Sleep
- Finish homework or pack their backpack
- Catch the bus without stress
- Get to school early and socialize with friends

Dear friends of the community,

Our Almond Bancroft post prom committee is here with an excited group of parents ready to plan our next post prom. We are happy to report that this event is becoming a welcome tradition that the students, especially the new juniors, look forward to. We are so grateful for you and our community, who step up and help us plan this safe event for our kids at Almond Bancroft School every year.

According to the National Highway Traffic Safety Administration, one in three alcohol-related teen traffic fatalities occurred during the prom season, from April to June. Two out of three teens surveyed through MADD said they felt pressured to drink during prom. Thanks to generous donations from our community, we are going on our fifth year of providing a safe and exciting night of events as an alternative for these kids to attend after prom. Last year's post-prom included a photo booth, pool tables, a magician, and lots of delicious food, and every student who attended went home with a prize! Without your help, none of this would have been possible!

Our Post-Prom Committee would like to ask for your support again this year. If you are interested in donating, please make checks payable to AB Post Prom and send them to:

Almond- Bancroft School
1336 Elm St.
Almond, WI 54909
% Candace Beggs

If you have any items you would like to donate that need to be picked up please email cbeggs@abschools.k12.wi.us

If possible we would like to receive donations by March 1, 2023.

Thank you in advance for your support and for helping to make a difference in our community!

Sincerely,

Almond- Bancroft School Post Prom committee

2023 Hunter Safety Class

The Almond Rod and Gun Club will sponsor a hunter safety education class for area youth and adults. **Due to new requirements, We need 10 Students to have a class. If we don't get 10 students, the class will not run.** We are requesting Pre-registration by Monday, February 27, 2023.

Classes will be held in the Almond-Bancroft High School auditorium.

Registration will begin at 7:00 PM SHARP on Tuesday March 7, 2023. Students under 18 years of age **MUST HAVE** a parent or legal guardian with them to register. The cost is \$10 per student. After registration, we will distribute course material. Students will be dismissed at about 9:00 PM. Further info on class dates and what will be taught, will be available at registration. Classes will be held on March 7, 9, 11, 14, 16 and 18, 2023. On week-days the class will run from 6:30 -9 PM and on Saturdays the class will run from 8AM until noon, maybe longer.

Students will be required to have a DNR customer ID number before graduation from the course. It is best if each student has their customer ID number before class starts. Students can obtain a DNR ID# by calling 1-888-936-7463 from 7AM to 10PM, or they can visit a DNR Service Center during regular scheduled hours.

For pre-registration, log on to the Go Wild Wisconsin and look up the education tab for a list of classes and enter your customer number to reserve your seat, or we can add you after the first class when you register. Any questions, please call Dan Folan at 715-347-7181, or George Caldwell at 715-258-6142.

Almond-Bancroft Menus: February 2023
